Co-Chair Representative Gentile

And all members of Committee

The Connecticut Trappers Association Inc. and its 200 plus members SUPPORT H.B.5080

An Act Concerning Deer Management Programs on private land and Authorizing Bow and Arrow hunting on Sunday. We feel that it is also a vital part of D.E.E.P.'s deer management process and will greatly aid the State with a reduced number of automobile accidents caused by an over population of deer as well as supporting a safe and healthy deer population.

Thank you for your consideration
